Attachment for Part I, Section #6

As has been explained in Part IV, Section #3, The International Aroid Society originally had a 501(c)(5) exemption #591867574. New officers elected to office in early October 2022 discovered that the tax exemption had long expired. A discussion with an IRS representative reported that the tax exemption had been willfully terminated by some individual in February 2007. A review of communication of IAS email communications from the entire 2006-07 term does not reveal any discussion about that willful termination. The name of the individual and the reason for that termination are unknown by the International Aroid Society and are apparently unavailable from the IRS.

Newly elected officers are unable to determine why this has not been addressed earlier. We are currently revising our bylaws and will include an official duty for the treasurer to ensure that all federal and state filings are properly submitted.

Attachment for Part 1, Section #7

As explained in the above attachment #6, any previous filings would have been prior to the February 2007 termination. Those documents are not available.

Attachment for Part 2, Section #16

The December 2022 Aroideana may be temporarily viewed at:

<https://www.aroid.org/society/aroidiana/Aroideana45N3.pdf>

It is accessed in a folder available only to members but has now been added to this unprotected folder for review by the IRS. It will be deleted once reviewed.

The June 2022 Newsletter may be temporarily viewed at:
